

Welcome to the 24th newsletter from the  
HUGHENDEN PARISH NAG.

The Neighbourhood priorities have been set following the completion  
of the Consultation period, they are:-

1) SPEEDING. 2) LITTER. 3) ANTI-SOCIAL BEHAVIOUR

### *Hughenden Neighbourhood. December 2011*

Hello from the **Hughenden, Hazlemere & Chepping Wycombe Neighbourhood Police Team (HNPT)** and welcome to the August edition of the Newsletter for the **HUGHENDEN PARISH.**

If you need to contact the Neighbourhood Team then please dial the Thames Valley Police on the **NEW** non-emergency number, **101**, and ask the police operator to put you through to the Hazlemere Police Office or e-mail us. [lee.turnham@thamesvalley.pnn.police.uk](mailto:lee.turnham@thamesvalley.pnn.police.uk) [natalie.hall2@thamesvalley.pnn.police.uk](mailto:natalie.hall2@thamesvalley.pnn.police.uk)

The team would also love to hear from the community regarding any positive or negative feedback that you may have or any issues or concerns that you may wish to raise.

#### **SPEEDING:**

The Speed Indication Device (SID) and residents using the Community Speed Watch (CSW) has been deployed.

Friday 18<sup>th</sup> November 2011      Main Road, Walters Ash. 4pm to 4-35pm  
8 vehicles over threshold, 5 to receive letters.

Thursday 24<sup>th</sup> November 2011.      Brimmers Hill Widmer End 940am to 1040am  
43 vehicles over threshold, 37 to receive letters

The registered keepers of the vehicles will receive letters under the Community Speed Watch Scheme.

Please bear in mind that persons who receive Speed Watch letters are NOT given the speed that initiated the letter. There is a threshold which is strictly adhered to. When the device is activated the initial speed is the speed recorded by the operators and not the speed as the vehicle passes the device. The speed captured is that of at least 70 metres prior to the device.

Dates have been set for the **December** period, the locations are yet to be established but each ward will have at least 1 SID deployment over the period. If you are interested in seeing how the device works or you are interested in becoming involved in the process, please contact Natalie Hall or Lee Turnham at the above address or e-mail. We will then be able to inform you of the location and time that is appropriate to your ward.

#### **LITTER:**

The parish is still having problems with litter being thrown from moving vehicles. Please supply details of the vehicle to the police team. Action will be taken. The tree leaves have almost finished falling and when they are cleared away it will almost definitely show the litter underneath. If you see any large amounts of litter or waste, please call either the Neighbourhood team or Trading Standards at Aylesbury.

#### **ANTI-SOCIAL BEHAVIOUR;**

Information is still being received that individuals from High Wycombe are attending the car park at Hughenden Manor. They are using the car park to wheel spin and race their vehicles around. There has been a decrease in this activity due to targeted patrols from the Neighbourhood team. Two individuals

have been arrested following an incident within the lower car park area. The local operation will continue to run.

Operation GRIM REAPER was successful. There were very few incidents involving fireworks or youths exploiting the Halloween festivities.

#### **PUBLISHED COURT RESULTS;**

Thomas BRADLEY of Naphill drove a motor vehicle whilst over the prescribed alcohol limit, he was disqualified from driving for 16 months, fined £210 and required to pay costs of £100.

Alan HATCH of Widmer End drove a motor vehicle in excess of the speed limit, he was fined £165, licence endorsed with 3 penalty points and required to pay costs of £80.

#### **OTHER MATTERS;**

Thames Valley Police went live on 14<sup>th</sup> November 2011 with **101** - the new police national single non emergency number which will replace the 0845 8 505 505 number. Calls to **101**, from landlines or mobiles, will cost 15 pence per call, no matter the time of day or the duration of the call. Everyone calling the new non-emergency number will know exactly how much a call will cost, and can be assured of equal access whether they are on a pay-as-you-go mobile or a home landline. Calls will be routed to the Force in the same way as 999 calls. If a caller is using a landline the routing will be based on the caller's postcode and the call will be directed to the local police force. If a caller is using a mobile telephone, the call will be routed according to the location of the mast from which the call is being transmitted. Calls made to **101** from another police force area that has yet to 'go live' with the new number, will hear a recorded message telling them to redial using the relevant non emergency number.

Thames Valley police have received numerous hoax calls via the 999 system. The person who is using the system inappropriately is believed to have some health issues. They are using a mobile phone that is unregistered and thus untraceable. The welfare of this person is paramount and therefore the Neighbourhood team would like to hear of anyone within the community, who may have information of persons needing help and support with everyday living. This may lead to the identification of the person who is misusing the emergency call system. Early indications are showing that this person may be residing within the Great Kingshill area but this has not been confirmed.

A DIGITAL CAMERA WAS FOUND IN THE FIELDS NEAR WARRENDENE ROAD ON 21/11/11. THE CAMERA HAS BEEN TAKEN TO THE HAZLEMERE POLICE OFFICE. DO YOU KNOW THE OWNER? IF SO, CAN THEY QUOTE URN 945 21/11/11, WHEN ATTENDING THE HAZLEMERE POLICE OFFICE.

#### **HAVE YOUR SAY.**

This has been implemented by the local Neighbourhood team; enabling members of the public to come and meet the team. The location for the festive **December** meeting will be at Sir William Ramsay School, Rose Avenue Hazlemere. The Local Neighbourhood Police Team will be available to address any concerns and that may affect you on a daily basis.

This will take place on **Saturday 10<sup>th</sup> December 2011**. Between 1000hrs and 1400hrs.
