

Hughenden Valley Surgery & Pharmacy
Easter opening hours

Our Surgery and Dispensary services will be open normal hours, on Fri 10th and Mon 13th April over the Easter Bank Holiday.

This is to help ease the pressure on other NHS services that are currently dealing with the Covid-19 epidemic.

The appointments offered in this time will be telephone so unless otherwise directed please do not attend the surgery in person.

NHS England have sent Shield letters to patients advising them to isolate for the 12 weeks.

It was also announced that GP Practices will be writing to additional patients by the beginning of this week. There has been a delay in this process by NHS England. This situation is not in our control. We assure you once we have received clear guidance, letters will be sent out accordingly.

Thank you for your patience.
