

# Hughenden Valley Community Workshop

## Natural Flood Management

Flooding is a growing concern for communities in and around Hughenden Valley. Buckinghamshire Council is working with Thames21, River Thame Conservation Trust and Chilterns National Landscape to explore ways to help slow and store water during heavy rain by working with natural processes.

### At this workshop, we will:

- Share early ideas for natural solutions to help reduce flooding
- Ask for your local knowledge and feedback on the proposals
- Offer practical advice on protecting homes and businesses from flooding

**Tuesday**  
**17 JUNE**  
From 5:30 - 7:30 pm

Naphill Village Hall  
Main Rd, HP14 4SX

### *Natural Flood Management Examples*

**Your input is vital in shaping flood management for the area—  
come and have your say!**
